### February President's Message

Happy Valentines month folks! Hope this edition finds you all well and experiencing all that life has to offer. This is the month that the big Quartzite and Tucson shows are taking place. I hope all who could get to experience this fantastic adventure have had the time of your lives. Would love to experience it, but as this is prime tax season guess it will just have to wait another year.

Ed Moser, our Federation Director, wants to remind you that the NW Federation Show will be April 10-12<sup>th</sup> in Ogden, Utah! Hosted by the Golden Spike Gem & Mineral Society. **WHERE in Ogden, UT:** [Golden Spike Event Center -- 1000 North 1200 West • Ogden, UT 84404.](#)

Margaret Nelson, our Editor, wanted to remind those who have ads in the newsletter that you need to pay for the year 2020 if you want your ad to continue. If anyone else has a desire to run ads in the newsletter, they are welcome to do so. See page 4 for prices. If you want to run a short classified newsletter, the board wishes you to know that as a member you can do this. In addition, if you have articles that would be of interest to our members you are always welcome to submit them.

Kim Bashford relayed to the Board that those members wishing to obtain a roster of our club members to let her know and she will see you receive one. If you still need to renew your memberships, please give Kim a call or contact her at our next meeting.

We will be putting in another display at the Caldwell Library to promote our community outreach. If you are interested in participating let Ed Moser know. At this time, we need more ideas on community outreach programs. If you are aware of an event or know of a school program that we can participate in to bring more awareness of the art and sciences of lapidary, gemology, and mineralogy, let me know. The more exposure we get within the community the better for our 501 C3 status.

One month left until Show time. If you haven't signed up for a shift or two on the venue sheets please do so. It is much easier for the Chairpersons to complete their assignments of the two-hour slots if folks commit to a specific time. We really appreciate the participation that each of you put in on behalf of the Club. This month's program will be on how to put in a display case. This is a fun time and putting in a case to show off your talents is a great way to get involved with the club. Or if you can fill a case; get in touch with Kim Bashford. I think she has a few openings still available.

That's all for now I look forward to seeing you all at the next meeting on February 19<sup>th</sup> in the Boone Science Bldg. at 7:30pm. Till then keep on rocking and be safe!!

Willa Renken OGMS President

Dale and I have gone over the suggestion list provided at the meetings and picked the most popular sites. The 2020 list above is Official. We have included 2 overnight trips to our trip list.

We have been doing some research on the Texas Springs and McDermott areas and will be making a few pre-scouting trips to these and many of our other upcoming locations. Dale and I are looking forward to leading you all out to some old and new areas and providing guidance and knowledge along the way. **Community Outreach Opportunities:**

As a 501C3 organization, **we are in need of opportunities to share our art of lapidary and rock collecting to the outlying public community.** If you know of a classroom that is in need of a rock demonstration or maybe a scout troop that needs a program given please let us know.

These opportunities help us in sustaining our commitment to our continuation of our non-profit status. If you do a project that involves any promotion in the areas of rocks, minerals or geology please make us aware of your contribution so we can include an article about it in the newsletter. These programs help us to validate our claim to be non-profit. Thanks in advance for helping us to achieve our goals to the surrounding public.

## VICE PRESIDENT'S CORNER

### Leave a Rock Take a Rock

If you have lucked out and found some nice rock bring one to our meeting. You can leave the rock on the table and anyone who brings one can take a rock. At the end of the meeting if your rock is still there take it home with you. If everyone brings something to trade each month we can have the benefit of others' successful trips.

Monthly Meeting Topic: Roxanne will give a talk on setting up a case at the rock show. What is provided and what you will need..

Roxanne Franklin, OGMS Vice-President

## Show Chair

### Thoughts for Silent Auction

As you go out hunting rocks, please keep in mind our yearly show's Silent Auction!!

If you find a nice sample for our auction, place it in a bucket and label the bucket "OGMS".

By the end of the year, your bucket could be full of great rocks and ready to donate for our show.

It is amazing how just a few rocks can add up if every "rockhound" contributes!

Kathi Larson, Show Chair

"Gene & Freda Babbitt send a thank you to all the members of the Owyhee Gem Club for the Christmas turkey that was delivered to our door here in Quartzsite AZ. Our winter has been busy here, so many rocks to see and things to do. If any of the club members ever want to take a great vacation during the month of Jan. you will be amazed at all the silver pick rock hunting you can do."

Again, thank you. Gene & Freda Babbitt

## Orma J. Smith Museum of Natural History

The Orma J. Smith Museum of Natural History features specimens representing the Biology and Geology of SW Idaho, SE Oregon, and northern Nevada. The focal point of the museum is the Evans Gem and Mineral Collections.

The Museum is open to all visitors: Monday-Friday from 1-5 pm, the first Saturday of every month from 8-5 and the third Saturday of every month from 10-4.

The Museum is located in the basement of Boone Hall on the College of Idaho campus. Visit the Museum website at [www.collegeofidaho.edu/cultural-institutions/orma-j-smith-museum-natural-history](http://www.collegeofidaho.edu/cultural-institutions/orma-j-smith-museum-natural-history) to learn more.

## Federation Director

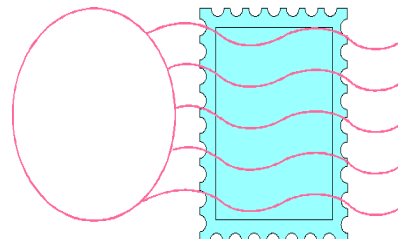

Please save the postage STAMPS for cancer research and bring to this month's meeting. Remember to **cut ½ inch all the way around the stamp**. Thanks to all for your help. It helps others and it might just help someone you know.

## OWYHEE GEM & MINERAL SOCIETY - Board Meeting Minutes January 29, 2020

The monthly Board Meeting was called to order by **President**, Willa Renken at 7:10pm at the Caldwell Library. Roxanne Franklin made a motion to accept last month's minutes as printed in the newsletter; Ed Moser seconded; motion carried.

**Secretary:** Chris Deveau picked up multiple items from the Post Office. Two tax documents were given to Willa Renken – President. Two Showcase Reservation forms and six membership forms were received and turned over to Kim – Membership. Post cards announcing the Oregon Coast Agate Club's annual show on 23 and 24 May 2020 came in and we will share that information with our club members at the next meeting. A hand typed two cent postcard announcing the June 1958 OGMS meeting was turned over to **Pauline Prather - Historian**.

**Vice President:** Roxanne Franklin was contacted by a new member regarding membership status. Kim Bashford handles Membership and her contact information is in the newsletter. It takes a little time to process the memberships, between receiving them in the mail, passing them to Kim for updating the records, then on to the Treasurer for deposit and the bank to finish processing. Please be patient, but if you are concerned...please contact Kim. Roxanne will be giving a presentation on setting up a showcase at the next General Meeting on Wednesday, 19 February 2020. She is working with Steve Brittenham to give the presentation at our March meeting.

**Treasurer:** Was not present.

**Federation Chairman:** Ed Moser confirmed the NW Federation show will be 10-12 April, 2020 in Ogden, Utah. Ed also brought up the beginning of rock hunting season and the need to protect your dogs if you bring them. Many sites are old mining claims and there can be amounts of arsenic or cyanide in the soil and water. Bring your pets fresh water and keep an eye on them...for their protection.

**Show Chair:** Kathi Larson discussed a vendor cancellation. She will be filling that spot. She described the grand prize...an amethyst cathedral... NICE!!! The preparations for the Show are coming right along.

**Assistant Show Chair:** Paul Deveau is proceeding with the Show advertising, flyers, TV, newspapers, event calendars. Getting the word out for the show!

**Newsletter:** Margaret Nelson said please get articles in for the newsletter by 2 February 2020. Also, if you have an ad in the newsletter, please pay our Treasurer. A classified section is being considered for the newsletter.

**Field Trip Chair:** Robert Murphey and Dale Rawson have a tentative schedule for the 2020 season... including two overnights. They will bring the list to the next meeting.

**Membership:** Kim Bashford presented the names of 4 new members to the Board for acceptance: Kelly Husted and Eric Fontinelle, and Charles and Liane Martin. Kathi Larson made the motion to accept the new members; Roxanne Franklin seconded; the motion carried. Welcome to OGMS!

**Unfinished Business:** Dale Rawson will check with Bill Anderson regarding the spring roadside cleanup.

**New Business:** Ed Moser asked if anyone in the club would like to make a display in the Caldwell Library cases...they will be available in May and June...good advertising opportunity for our club. Dale Rawson thought he could do one. Let Ed know if you are interested.

Willa adjourned the meeting, at 08:35pm.

Respectfully submitted... Christine Deveau, Secretary

**OWYHEE GEM & MINERAL SOCIETY - General Meeting Minutes****January 15, 2020**

**Willa Renken, President OGMS**, called the January general meeting to order at the College of Idaho, Boone Science Hall in Caldwell Idaho at 7:30pm. Darell Ehlers made a motion to accept the minutes from the December meeting as printed in the newsletter; Ed Moser seconded; the motion passed. Several guests introduced themselves and were given a warm welcome.

**Roger Beck** gave a presentation on Micro-Mounting. He explained some of the processes of collecting the diminutive stones and crystals. His enthusiasm came to life as he shared the beautiful images on the screen. Thank you, Roger, it was extremely interesting.

**Chris Deveau, Secretary** picked up the mail a couple of times over the holidays and gave 2 membership renewals to Kim; the Post Office box renewal and the Auto-Owners insurance renewal for the club trailers to Debbie; a Christmas card from Shaver & Swanson, LLP (attorneys) to Willa; and an envelope full of stamps from member Celia Quignon for the Federation to Ed Moser-thank you Celia!

**Vice President, Roxanne Franklin** had sign up sheets for our Rock and Gem Show on March 7<sup>th</sup> & 8<sup>th</sup>, 2020. We need all members to volunteer some time...even a couple of hours...to help make our Show a success. Roxanne will be giving a demonstration on setting up a Showcase at the February general meeting.

**Treasurer, Debbie Lawrence** gave a report of the funds received at the auction, memberships, and expenses of the club. We are financially very sound.

**Kathi Larson, Show Chairman** just got back from Quartzite with our Grand Prize for the Show...an amethyst cathedral...WOW! She asked everyone to sign up to help with the different venues at the show, asked for donations of food for the Chili Feed (to feed the vendors on Friday after they set up), help with the grab bags and also thanked Janie Ehlers, Jarri McClarin, and Margaret Nelson again for all their hard work for sewing the grab bags (2,882 total).

**Ed Moser, Federation Chairman** thanked everyone for bringing in any stamps (cancelled or not). They are collected, sold, and funds raised are donated by the NW Federation of Mineralogical Societies for breast cancer research. The next NW Federation meeting is 10-13 April 2020 in Ogden, Utah, it is coming up soon...please don't forget to bring in your stamps.

Our **Sunshine Chairman, Jewels Haines** was unable to attend, but wants everyone to know you can contact her if you know of a member that is ill, or in need of a little sunshine and she'll send a card their way!

**Membership, Kim Bashford** had received two membership renewals. If you need name tags, or club patches, she will have them for you. Kim is also handling the showcase venue for the Show, so please get your showcase form filled out and submitted to her...thanks!

**Robert Murphey, the Field Trip Chairman** has put together quite a list of trips for the 2020 season...including an overnighter or two. Hopefully he'll have the list ready for our next general meeting on 19 February. Also, weather permitting, he'll set the first trip of the season for March.

**Unfinished Business:** Willa presented a gift to the outgoing Treasurer, Michele Wiles and thanked her for her help and hard work for the club.

**New Business: Margaret Nelson, the Newsletter Editor** was not in attendance, but had let Willa know that those advertising in the newsletter need to pay for their ads. The cost is \$50 per year or \$5.00 a month for a ¼ of a page. Willa will check with Margaret about having a classified or want ad section-utilizing a smaller space (cost).

Please, if you haven't signed up to assist with a venue at our Show...DO IT NOW...we all need to help make it a success!

Janie Ehlers won the door prize...a meteorite from last month's winner, Debbie Lawrence.

The next Board Meeting is Monday, 27 January 2020 at 7:00pm at the Caldwell Library. Willa adjourned the meeting at 8:55pm. Respectfully submitted...Christine Deveau, Secretary

This is a big *Thank You* to two people that came through for me to make up some more rock turtles for the show in March. Tom Clement of Baker City and Janie Ehlers. Janie gave me some small slabs so I made some mini turtles. They are so cute. Tom gave me some large slabs. Nice looking. Thank you both for your help.

Check out the Membership table to see them and buy for your home or as a gift. *This is a mini fundraiser for the club*, so every penny will go into the OGMS account.
