May President Message

How does the saying go April Showers bring May flowers? If so this month should be chalk full of some of the most beautiful floral experiences we have seen in some time. If you have never explored the desert when it is in bloom you have missed one of the seven wonders this world has to offer. Pack up the family and give it a try you won't be disappointed.

If you can help Melissa Jones out by volunteering to do a program please step forward and let her know. Randy's program last month was very informative and there were many compliments. He provided us with some very interesting ideas for safety while we are out in the field.

We would like to congratulate Susan Beattie on her new title. If you didn't know she is now a full blown "Geologist" what an achievement. We are very lucky to have her in our midst and appreciate all the hard work she has done in over-seeing our show.

This month's field trip is to Succor Creek for Thunder eggs. We will meet at the ION junction at 8am leaving by 8:30am. High clearance vehicles are advised more information to follow at the meeting.

We would like to thank all those who donate slabs each month as it is your generous donations that give us all a chance to not only have fun but perhaps get a special new rock to cut. Thank you all!!

On that note I look forward to seeing you all at the next meeting.

Willa Renken
OGMS President

Show Chair Report, May 2013

I would like to thank the club members that met at the Caldwell Public Library on Saturday, May 4, to discuss ideas for the OGMS 60th Annual Rock and Gem Show in 2014. Everyone had great ideas to make our 2014 show a nice event for the club and the public.

The attendance for our show the past two years has been between 1,600 and 1,700 paid admissions. This indicates the community has a genuine interest in what the club and our vendors offer to the public. The show committee believes that with some changes in advertising we could introduce more community members to our hobby. In order for that to happen we need more club members to step up and volunteer to run venues. ***Club volunteers are the limiting factor*** to expanding our advertising to increase attendance.

In order to encourage club members to volunteer to work at the show, the committee will implement the following changes this year to the show.

We will recruit venue chair people in November 2013 and provide written guidance and individual training to the venue chairs for each venue. We hope that providing support to volunteers will help club members become more comfortable with volunteering for these positions and make the venues at the show more consistent year to year for the public.

Each club member will receive a door prize ticket for a chance to win one of three spheres, donated by Red and Kathi Larson, for each two-hour session of help at any venue. For example, if you work three two-hour sessions at one or multiple venues over the weekend, you would receive three tickets good for three chances to win a sphere. Three spheres have been donated so there will be three winners, drawn the last hour of the show. You do not have to be present to win, we will hold your sphere for you if your ticket is drawn.

In February 2014, a pre-show meeting will be held to provide training and written guidance to each club member that volunteers to work a venue.

Our experienced club members are a very dedicated group of folks, but more help is needed from the general membership at show time in order to continue to offer this show to the public and raise operating money for the club each year.

Please consider committing some time to help your club at show time. It's a **fun** way to get to know the club members and the club **really needs your support!**

Hope to see your name drawn for the volunteering door prize!

April Field Trip to Pink Plume Claim

Our April 20th field trip to Pink Plume Claim was great fun. Although the weather was dicey right up to the night before the trip, it cleared off and was very pleasant the day of the trip. We had a nice number of folks on this trip, with the Idaho Gem Club field trip group joining us on the trip. Their field trip site had been rained out and they were able to catch up with us before we took off. We hope everyone had a good time as we enjoyed having them with us! There were some very nice pieces taken home, so please remember to save a nice piece for the silent auction!

Mark your calendar and join us for our upcoming trip to our Succor Creek Thunder Egg claim! The road in can be rocky, steep, and rough; so high clearance and/or 4WD is recommended or hook up with a friend who is equipped.

May Field Trip: May 18th, 2013 Succor Creek Thunder Egg Claim
Meet on the west side of the Homedale City Park, in Homedale, ID at 7:30 A.M,
leave at 8:00 A.M.

Have You ever visited our Club Website

Lets Check out our most awesome Web site . it always has great information on it ,there are some great pictures of our outings and our news letter is posted on it. If you have computer access take a look at it sometime it really is amazing and you can see the News letter in **FULL Color** it really makes it look more interesting I think. The fact that it is too expensive to publish it in Color we can't do it but it cost no more to show it in Full Color on the web site so come on and check it out . Brad Larson our Web Master does a great job of keeping it up to date with all kinds of information. Like up-coming shows, field trips dates , times and much much more. So lets go check it out at.

WE NEED A VOLINTEER!!!!!!

We need one of our members to step up and Volunteer for a position that has been vacated due to Lloyd Summers resigning. This Lucky man will be moving to Arizona so there fore will not be able to continue to be chairman of the ROAD CLEANUP.. IT is not a job that requires a lot of time just two times a year one in SPRING and one in FALL you would have to get signs and bags from the Highway department and set up the date of the cleanup, get volunteers to help and then maybe join them on a field trip after if that has earlier been decided. Since this is our responsibility as a club it is all our jobs to help.

IF you are willing to take on this job please contact our President Willa Renken by Person, phone or email 362-3941 or wir_dkr@msn.com

Work Detail

This shout out goes to ALL MEMBERS we **need your assistance**. We will be refurbishing **YOUR CLUB CASES** on May 8, 2013 at the O'Conner Field House. Everyone one of us can help in some aspect if it is sanding, cutting ,nailing or just what ever needs to be done so please come out and help. Larry Ridley has so graciously volunteered to head this most necessary **CLUB** activity up and get it all ready for us. So the day again is May 8th 2013 at the O'Connor Field house at 9 am. See ya there. If you have any tools you fill might come in handy please bring them with you. Larry is supplying the saws.

Road Clean-UP

Even though it was a very windy, Idaho Spring day, 14 hardy souls showed up for the April road clean-up project. With that many willing workers we collected 13 bags of trash (the wind may have helped by moving some of the stuff on across the country side). In addition to the trash we picked up we located some ones private dump site. This was not just a bag of trash thrown out of a car, it looked more like a pick-up load. It contained a LARGE TV set, several animal carcasses and too many tires to count. I will report this to the Highway Department folks and see if they can get the Canyon County Jail highway clean-up inmates out there to clean it up. After the clean-up we went to the Graveyard Point area where we found some nice moss agate. All in all, it was a successful day. Many thanks to all who were able to help out and, especially, to Sylvia for the wonderful (as usual) cookies.

Butte Civic Center, 1340 Harrison Avenue, Butte MT.

Dates are August 9-11

Times Fri 9-5 Sat 10-5 and Sunday 10-5

IF you have never attended a Federation show this is something you should really try to attend they have some of the MOST amazing displays there from all over the world. And this is one time you can see some great competition between fellow rockhounds and collectors. The folks who inter this computation are just amazing with the different items they display. This too is a good way for us to learn how the greats put together a fantastic display case. IF you are so inclined to participate in this competition the rules and the entry form is in the March Northwest News Letter the deadline to send in your application is July 10th. If you have any questions or concerns you can contact Dee Holland, Judges Chairman at beauholland@centurytel.net

The juniors are also encouraged to participate in their own group of competitors There will be more than 100 top exhibits of minerals, fossils, gems and jewelry, field trips EVERY DAY, silent auctions, kids area and much much more.

Thirty of the finest purveyors of jewelry, minerals, fossils, lapidary materials and hobby supplies.

They will have speakers speaking on Montana geology, Hot places to do your collecting Montana's gemstones and much more.

So come on and lets pack up and attend.

Purpose: To promote interest in the wonders of nature and in particular, Rocks, Gems, Minerals, and Fossils. To conduct field trips for exploration and collection. To encourage as wide a participation as possible in the "Rock Hound" hobby and the many activities that go with it.
