## November President Message

Hello everyone hope this finds you all well and hardy. It sure seems this year is coming to a close to fast as usual. Soon it will be our March Gem Show before you know it. That being said there are a number of items that we can all be working on such as critters for the wheel of gems, pulling out those extra rocks to put on the silent auction table, and put the finishing touch to those tumbled stones for the kids to enjoy. We have a great bunch of members that put a lot of your time and effort in making our show one of the best in the western United States. Anything and everything you do is very much appreciated!!! Keep up the good work. This month is our Annual Auction month. Please remember to come prepared to bid on some very special items this year. Hopefully we can all find something special to share that will catch the eye of one lucky bidder. Since we have the auction there will not be a slab drawing just a door prize.

Don't forget to get with Melissa or Susan to get your Christmas tickets. This is another end of the year event that brings us all together so we can socialize and catch up on what everyone is doing for the Holidays. We have fun with the gift exchange which will be a little different this year. If you would like to participate be sure to bring a wrapped gift and indicate if it is for a male or female that way you won't get earrings unless you want some.

I hope to see you all there on Wed the 21<sup>st</sup> if not I wish you all to have a family filled Thanksgiving and may your feast be plenty!!!

## A big thank you goes out to all who helped

Thank you one and all that came out to help with the Road cleanup this past month. We had a good group show up for our highway clean-up party on 13 October. Twelve people participated and made short work of picking up 13 bags of trash. After the work was completed we enjoyed the cookies provided by Sylvia and then Gene led us out to the Reynolds Creek area where we searched for petrified wood. Many thanks to all who participated, you made our section of Highway 45 look much better. Special thanks to Sylvia and Joan for the wonderful cookies. It is probably a little early, but it never hurts to get the word out - Mark your calendars for April 2013 for our next scheduled Highway clean-up.

### October Field Trip to Texas Springs

A fun group of rockhounds from the Owyhee Gem & Mineral Society and the Idaho Gem Club met on a beautiful Saturday morning in Jackpot, Nevada to venture out in search of Texas Springs limb casts. While it does take some effort to find good pieces, you can be rewarded with some very nice pink agate castings of what used to be limbs. I would like to thank Phil Worley and the members of the Idaho Gem Club for joining with us on this trip. We hope they had as much fun as we did. It was a great way to wrap up the 2012 field trip season and I hope we can do more joint ventures in the future.

I will be taking suggestions for next year's field trips so if you have any ideas please let me know. One other note, the Idaho Geologic maps are in and I will be bringing them to the next meeting. Larry
