September President's Message

Is everyone enjoying a break from the heat? It appears that fall is upon us as the air has that wonderful smell of change. Hopefully we have a bit more warm weather as the tomato plants have way too many green ones on them yet.

It hardly seems like another year is almost over but elections are once again within a month. If you are interested in any of the positions either officer/director or committee chair please let us know. Any one with a membership is eligible to run for an office. If not we will be approaching some of you to take a little time out of your month and help run the club. The positions are not hard and really are a chance to get to be involved with the organization you have joined. This is your chance to have some fun.

Road cleanup is coming again in October so if you have not signed up to help out please do as it takes about a dozen folks to make the task easy. You are given an orange vest and bags you just have to walk about ¼ mile or less depending on the crew that shows up. Pretty easy but a commitment that we have made with the highway dept. Afterwards there are cookies and drinks then if the weather is good a field trip. Let's give Gene and Lloyd a hand!!

Something else to be thinking about is our Annual Christmas Dinner. The Board has indicated they thought the same place has been working out well but if you would rather have it somewhere else please step up and voice your opinion. We will be discussing it at the next meeting so be thinking of what you want. We will also need to know if you liked the gift exchange and if you would like to do it as well, if so we will need volunteers to take charge of it.

This month's field trip is to McDermitt NV and is one that is looked forward to each year. If you are going, there are camp spaces which we do as a group or you can stay at the Casino. Larry will be meeting up with you either in the Casino parking lot then picking those up from the camp area Saturday morning about 8 am. More info will be given at the meeting on the 19th.

Judy is trying to get another video for our September program so we will be looking forward to that. We really appreciate the effort she has made to see that we have interesting programs for this year. Our appreciation goes out to David Johnson as well as he has that computer player down to a science for us. Thanks to both of you!!! I look forward to seeing you all at the next meeting October 19th till then may your days be filled with the wonders of this planet.

Keep our Eyes open for the special stamps that are on your news letters this month they are ones to be sure to SAVE!!!! Red Larson has done the club a great favor cause we need stamp's to mail our news letters anyway and thanks to him we will have Special Stamps to save and I can take them to the next federation meeting and hopefully we will have a grater amount made for Cancer research. So SAVE THESE SPECIAL STAMPS and keep your eyes peeled for any more that may show up on your following news letters.

Sunshine Report:

Remember members if no one informs me of folks who need a get a well, pick me up or sympathy card I can not send one out to those in need. I did send a sympathy card to Velma Knapp's family do to her passing. Thank you for all your help it sure makes my job much easier.

Sylvia Foremen

August Field Trip to Rome, Oregon

When in Rome...Look for snakeskin agate of course! Though the weather was hot, a good group of rockhounds braved the heat to search for snakeskin agate and anything else that looked interesting. The next two field trips will be somewhat long distance; with the September 22nd trip to McDermitt, Nevada, and October's trip to Texas Springs, Nevada.

September Field Trip to McDermitt, Nevada

Larry will bring maps of the collection area to the September meeting (September 19th) and will have maps in McDermitt. You can drive down on your own or caravan with other members. Larry would like to meet at the casino parking lot at 9:00 a.m. — **Mountain Time**— on Saturday to guide folks to the collection area. *Remember*, McDermitt is on Pacific Time, so plan accordingly. If you are planning on coming down for just Saturday and can't make it by 9:00 a.m., please let Larry or Susan know so we can make arrangements to get you where you need to go! There are places to camp near the collection area, and Larry and Susan will be "roughing it" at the McDermitt Hotel again. There is plenty of material, and members are reminded of the limitations on petrified wood: 25lbs. plus one piece, or a total of 250 lbs. per year; per person. Hope to see you there!
